

The Castaways' Collection

(The "anytime, anywhere, anything" fly collection)

*More than **200 flies** presented to the **Pacific Salmon Foundation** by members of **The Mid Island Castaways Fly Fishing Club**.*

These patterns are tied and used by some of B.C.'s most successful fly fishermen all year round to catch salmon, trout, steelhead, & bass in B.C. waters.

Included with this collection is a hand crafted edge grain fir fly box filled with spectacular flies tied by a professional fly tier from our Club.

This is truly a unique opportunity to obtain so many desirable patterns in one priceless collection.
